

# Basic Echocardiogram Course in Cardiac Emergencies and Triage (ECHO I)

## Lecture & Hands-on Sessions

10 & 11 Aug 2018

Multi-disciplinary Simulation and Skills Centre (MDSSC), 4/F, Block F, Queen Elizabeth Hospital

Application Deadline:  
29 Jun 2018 (Fri)

### Course Design:

The training program consists of one half-day didactic lecture and one half-day hands-on session by cardiologist(s) or specialist(s) experienced in Echocardiogram

### Content:

1. Introduction to Echocardiogram and Basic Principles of Ultrasound
2. How to conduct Echocardiogram I: Parameters, Anatomy and Imaging plan
3. How to conduct Echocardiogram II: Assessment and diagnosis of common cardiac emergencies

### Objectives:

1. To provide basic practical skills on transthoracic echocardiography
2. To train doctors to triage patient with cardiac emergencies using echocardiography

### Preferred Attributes:

1. Interested in Echocardiogram
2. Potentially providing acute care or triage of patients with cardiac emergencies

### CME/ Training Points:

Pending

Sessions	Class No.	Date	Time	Remarks*
Lecture Session	Class 1	10 Aug 2018 (Fri)	09:00 – 11:45	1 session only
Hands-on Session	Class 1	10 Aug 2018 (Fri)	12:45 – 17:15	3 identical sessions
	Class 2	11 Aug 2018 (Sat)	08:30 – 13:00	
	Class 3	11 Aug 2018 (Sat)	14:00 – 18:30	

### Instructions to Applicants

- This course is free of charge. For interested colleagues, please fill in the attached application form and return the completed form to [geh\\_mdssc@ha.org.hk](mailto:geh_mdssc@ha.org.hk) or fax to 3506 7045 on or before 29 Jun 2018 (Fri) at 12:00 noon.
- The application is on a first-come-first-served-basis and will be closed once the pre-set quotas are filled.
- The Steering Committee on Echocardiogram (ECHO) Course reserves the final right to select the most appropriate applicants for the course. For enquiry, please contact Ms. Scarlett Chan at 3506 5265.

\* Participants will be informed to reallocate the training date if the preferred training date is full.

# Only applicant who can attend both lecture session and hands-on session will be selected.
