

東區尤德夫人那打素醫院

PAMELA YAUDE NETHERSOLE EASTERN HOSPITAL

16 January 2009

Dear Colleagues,

2nd Critical Care Nephrology Course for Nurses

2 March 2009 – 4 March 2009

The 2nd Critical Care Nephrology Course for Nurses will be held on 2-4 March 2009 at the Department of Intensive Care, Pamela Youde Nethersole Eastern Hospital.

Renal Replacement Therapies (RRT) are common and crucial to critically ill patients having acute renal failure. The first course we held last year was overbooked by applicants. Attendees gave us excellent feedback in both the content and the speakers' presentation. This one-and-a-half-day programme consists of lectures by experts in the field on the most updated knowledge on the management of acute renal failure patients in the Intensive Care Unit, as well as hands-on workshops on the practical aspects of RRT with different types of equipment.

As you can see in the attached poster, the course this year will be further enriched with useful teaching programmes more tailored to the need of your clinical work. Get ahead of your colleagues in RRT knowledge! I cordially invite you to apply for this course, and because of the expectedly overwhelming response, please do so now and before **13 February 2009**.

See you there!

Yours truly,

Dr YAN Wing Wa
Director

Department of Intensive Care
Pamela Youde Nethersole Eastern Hospital

Encl.

2nd Critical Care Nephrology Course for Nurses (March 2009)

Course Objectives :

1. To provide updated knowledge on critical care nephrology
2. To demonstrate the operation of different Renal Replacement Therapies equipment used for different modes of therapy.

Organizer and Course Director:

Dr YAN Wing Wa
Specialist in Critical Care Medicine
Director, Department of Intensive Care
Pamela Youde Nethersole Eastern Hospital

Date:

One whole day Lecture: 0830-1730 2 March 2009

One half day Workshop: 0900-1200 3 March 2009 or
1400-1700 3 March 2009 or
0900-1200 4 March 2009

Venue:

Pamela Youde Nethersole Eastern Hospital
3 Lok Man Road, Chai Wan, Hong Kong
Lecture: Lecture Theatre, G/F, HKEC Training Centre
Workshop: B10 ward, 10/F, Main Block, PYNEH

Target Participants :

Nurses who are interested in Critical Care Nephrology
Priority will be given to nurses working in the Intensive Care Unit, Coronary Care Unit and Renal Unit of HA / private hospitals

Course Fee: (including handout, lunch and light refreshment)

HKD\$800 (Lecture only)

HKD\$1,200 (Full course: lecture and workshop)

Award:

Certificate of Attendance and
Lecture only: 7 CNE points
Full course: 10 CNE points

If you are interested in the course, please contact:

Ms Candice LAW (Secretary, Department of Intensive Care, PYNEH)
Tel: 2595 6488 or
Email: lawwhc@ha.org.hk (Ref: Critical Care Nephrology Course)

2nd Critical Care Nephrology Course for Nurses (March 2009)

Introduction

Renal Replacement Therapies (RRT) are common and crucial to critically ill patients having acute renal failure. Modes of RRT are different from those prescribed for chronic renal failure patients. The one and half day programme consisting of lectures and workshops will provide updated knowledge for the management of acute renal failure patients in Intensive Care Unit.

Organizer

Department of Intensive Care, Pamela Youde Nethersole Eastern Hospital

Objectives

To provide updated knowledge on critical care nephrology
To demonstrate the operation of different RRT equipment used for different modes of therapy

Lecturers / Facilitators

Medical and nursing experts in Intensive Care and Renal specialties from various centres

Target Participants

Nurses who are interested in Critical Care Nephrology
Priority will be given to nurses working in Intensive Care Unit, Coronary Care Unit and Renal Unit of HA / private hospitals

Capacity

100 (Lecture)
72 (Workshop)

Course Design

One day lecture (7 hours)
Half-day workshop (3 hours)

Date & Time

Lecture	Workshop (3 identical sessions)
2 March 2009, 0830-1730	3 March 2009, 0900-1200
	3 March 2009, 1400-1700
	4 March 2009, 0900-1200

Deadline:

13th February 2009

Venue

Lecture: Lecture Theatre, Ground Floor, HKEC Training Centre for Clinical Technology & Healthcare Management, Pamela Youde Nethersole Eastern Hospital, 3 Lok Man Road, Chai Wan, Hong Kong

Workshop: B10 Ward, 10/F, Main Block, Pamela Youde Nethersole Eastern Hospital

Language

English supplemented by Cantonese

Award & CNE

Certificate of Attendance will be issued to participants who have attended the programme

Lecture only: 7 CNE points

Lecture and Workshop: 10 CNE points

Course Fee

HK \$1,200 (Full course: lecture and workshop)

HK \$800 (Lecture only)

Application

Please send the completed application form with a cheque payable to "**Hospital Authority**" to the following address:

Department of Intensive Care
Room 75, 2/F, Main Block
Pamela Youde Nethersole Eastern Hospital
3 Lok Man Road, Chai Wan, Hong Kong

Deadline: 13 February 2009

Successful applicants will be notified before 18 February 2009. Application is not transferable.

Cancellation

All cancellation must be email to Ms Candice LAW (LAWWHC@HA.ORG.HK)

50% refund for notification on or before 18 February 2009

No refund for cancellation after 18 February 2009

Enquiry

Ms Candice LAW

Tel: 2595 6488 Fax: 2595 6499

Email: LAWWHC@ha.org.hk (Ref: Critical Care Nephrology Course)

2nd Critical Care Nephrology Course for Nurses (March 2009)

Organizer

Department of Intensive Care (ICU), Pamela Youde Nethersole Eastern Hospital (PYNEH)

Course Director

Dr. Yan Wing Wa (ICU Director, PYNEH)

Faculty

Dr. Yan Wing Wa (Specialist in Critical Care Medicine, ICU Director, PYNEH)

Dr. Lau Chun Wing (Specialist in Respiratory Medicine, Associate Consultant, ICU, PYNEH)

Dr. Chan King Chung, Kenny (Specialist in Intensive Care, Associate Consultant, ICU, PYNEH)

Dr. Chan Kin Wai (Specialist in Anaesthesiology, Associate Consultant, ICU, PYNEH)

Dr. Shum Hoi Ping (Specialist in Nephrology, ICU, PYNEH)

Ms. Christine Chan (Department Operations Manager, Anaesthesia & ICU, PYNEH)

Ms. Nora Kwok (Ward Manager, ICU, PYNEH)

Ms. So Hang Mui (Nurse Specialist, ICU, PYNEH)

Ms. Eva Kwan (Nursing Officer, ICU PYNEH)

Speakers

Dr. Yan Wing Wa (Specialist in Critical Care Medicine, ICU Director, PYNEH)

Dr. Chan King Chung, Kenny (Specialist in Intensive Care Medicine, Associate Consultant ICU, PYNEH)

Dr. Shum Hoi Ping (Specialist in Nephrology, ICU PYNEH)

Ms. So Hang Mui (Nurse Specialist, ICU, PYNEH)

Guest Speakers

Dr. Leung Kit Hung, Anne (Specialist in Anaesthesiology, Consultant, Department of Anaesthesia &OTS, Queen Elizabeth Hospital)

Dr. So Sheung On (Specialist in Critical Care Medicine, Associate Consultant, ICU, Kwong Wah Hospital)

Dr. Wong Kin Shing (Specialist in Nephrology, Consultant, Department of Medicine (Medicine), PYNEH)

Dr. Chow Chik Cheung, Vincent (Specialist in Nephrology, Associate Consultant, Medicine, PYNEH)

Dr. Chan Ching Kit (Specialist in Nephrology, Medicine, PYNEH)

Workshop Facilitators

Ms. So Hang Mui (Nurse Specialist, ICU, PYNEH)

Ms. Eva Kwan (Nursing Officer, ICU, PYNEH)

Ms. Fok See Kee (Advanced Practice Nurse, ICU, PYNEH)

Ms. Li Siu Chun (RN, Renal Nurse, ICU, PYNEH)

Administrative Support

Ms. Candice Law Wai Han

2nd Critical Care Nephrology Course for Nurses (March 2009)

LECTURE Programme:

2 Mach 2009 (Monday)

Time	Topics	Speakers	
0800-0820	Registration		
0820-0830	Opening Ceremony	Dr WW YAN	ICU Director PYNEH
0830-0900	Applied Anatomy and Physiology of Human Renal System	Dr CK CHAN	Specialist in Nephrology Medicine PYNEH
0900-0930	Pathophysiology of Acute Renal Failure and Its Difference with End Stage Renal Failure	Dr KS WONG	CONS Medicine PYNEH
0930-1000	Vascular Access for Renal Replacement Therapy (RRT)	Dr CC CHOW	Specialist in Nephrology, AC Medicine PYNEH
1000-1030	Physical Principles of Renal Replacement Therapy (RRT)	Dr KC CHAN	AC ICU PYNEH
<i>1030-1100 Tea Break</i>			
1100-1130	Types of RRT for Acute Renal Failure	Dr SO SO	SMO ICU, KWH
1130-1200	Scenarios for Causes of Acute Renal Failure and Dose of RRT	Dr WW YAN	ICU Director PYNEH
1200-1230	Haemodialysis Catheter and Related Nursing Care	Ms HM SO	NS, ICU, PYNEH
<i>1230-1330 Lunch (included)</i>			
1330-1400	Dialysers for RRT	Dr Anne LEUNG	CONS Anaes &OTS QEHE
1400-1430	Composition of Replacement Solution and Dialysate Used in RRT	Dr Anne LEUNG	CONS Anaes &OTS QEHE
1430-1500	Anticoagulation in RRT	Dr HP SHUM	Specialist in Nephrology ICU PYNEH
1500-1530	Novel Extra-corporeal Life Support	Dr WW YAN	ICU Director PYNEH
<i>1530-1600 Tea Break</i>			
1600-1630	Drug Dosing and Nutrition During RRT	Dr HP SHUM	Specialist in Nephrology ICU PYNEH
1630-1700	Online Haemofiltration and Haemodiafiltration	Dr HP SHUM	Specialist in Nephrology ICU PYNEH
1700-1730	Interesting scenarios presentation	Dr KC CHAN	AC ICU PYNEH

Venue:

Lecture Theatre, Ground Floor, HKEC Training Centre for Clinical Technology & Healthcare Management, Pamela Youde Nethersole Eastern Hospital, 3 Lok Man Road, Chai Wan, Hong Kong

2nd Critical Care Nephrology Course for Nurses (March 2009)

WORKSHOP Programme:

3 March 2009 AM, 3 March 2009 PM and 4 March 2009 AM (3 identical sessions)

Each participant can enroll maximum <big>3</big> stations out of 4		
	Workshops on Renal Replacement Therapies Capacity: 24 participants per workshop (first come first serve) 3 1-hr station per workshop (identical stations for AM and PM sessions) AM session: 0900-1200 PM session: 1400-1700	Facilitators
A	Introduction on Continuous Renal Replacement Therapy / Intermittent Renal Replacement Therapy (CRRT / IRRT) and Related Risks Management <u>Content include:</u> 1. Explain types of CRRT and IRRT 2. Introduce the use of different renal machines for CRRT/IRRT 3. Demonstrate the extra-corporeal circuit for CRRT/IRRT therapies 4. Demonstrate the related risks and nursing management	Ms SC Li Renal Nurse ICU PYNEH
B	Types of Dialysers, Haemodialysis (HD) Catheters and Replacement Fluids <u>Content include:</u> 1. Introduce the specification and use of different dialysers 2. Introduce the characteristics and use of different HD catheters 3. Introduce the components and use of different replacement fluids 4. Samples of different types of dialysers, HD catheter and replacement fluids are available for demonstration.	Ms SK FOK APN ICU PYNEH
C	Different Regimens for CRRT and Related Trouble-Shooting Techniques <u>Content include:</u> 1. Introduce different regimens for CRRT 2. Demonstrate the extra-corporeal circuits and operation for CRRT on selected CRRT machine 3. Demonstrate the related trouble-shooting techniques	Ms Eva KWAN NO ICU PYNEH
D	Practical Issues for On-line Haemofiltration / Haemodiafiltration (HF/HDF) <u>Content include:</u> 1. Introduce the process for preparation of ultrapure water for On-line HF/HDF 2. Discuss the microbiology and endotoxin control for the On-line replacement fluid 3. Demonstrate the extra-corporeal circuits and operation for On-line HF/HDF 4. Demonstrate the related trouble-shooting techniques	Ms HM SO NS ICU PYNEH

Venue:

B10 Ward, 10/F, Main Block, Pamela Youde Nethersole Eastern Hospital
