

1st ANNOUNCEMENT

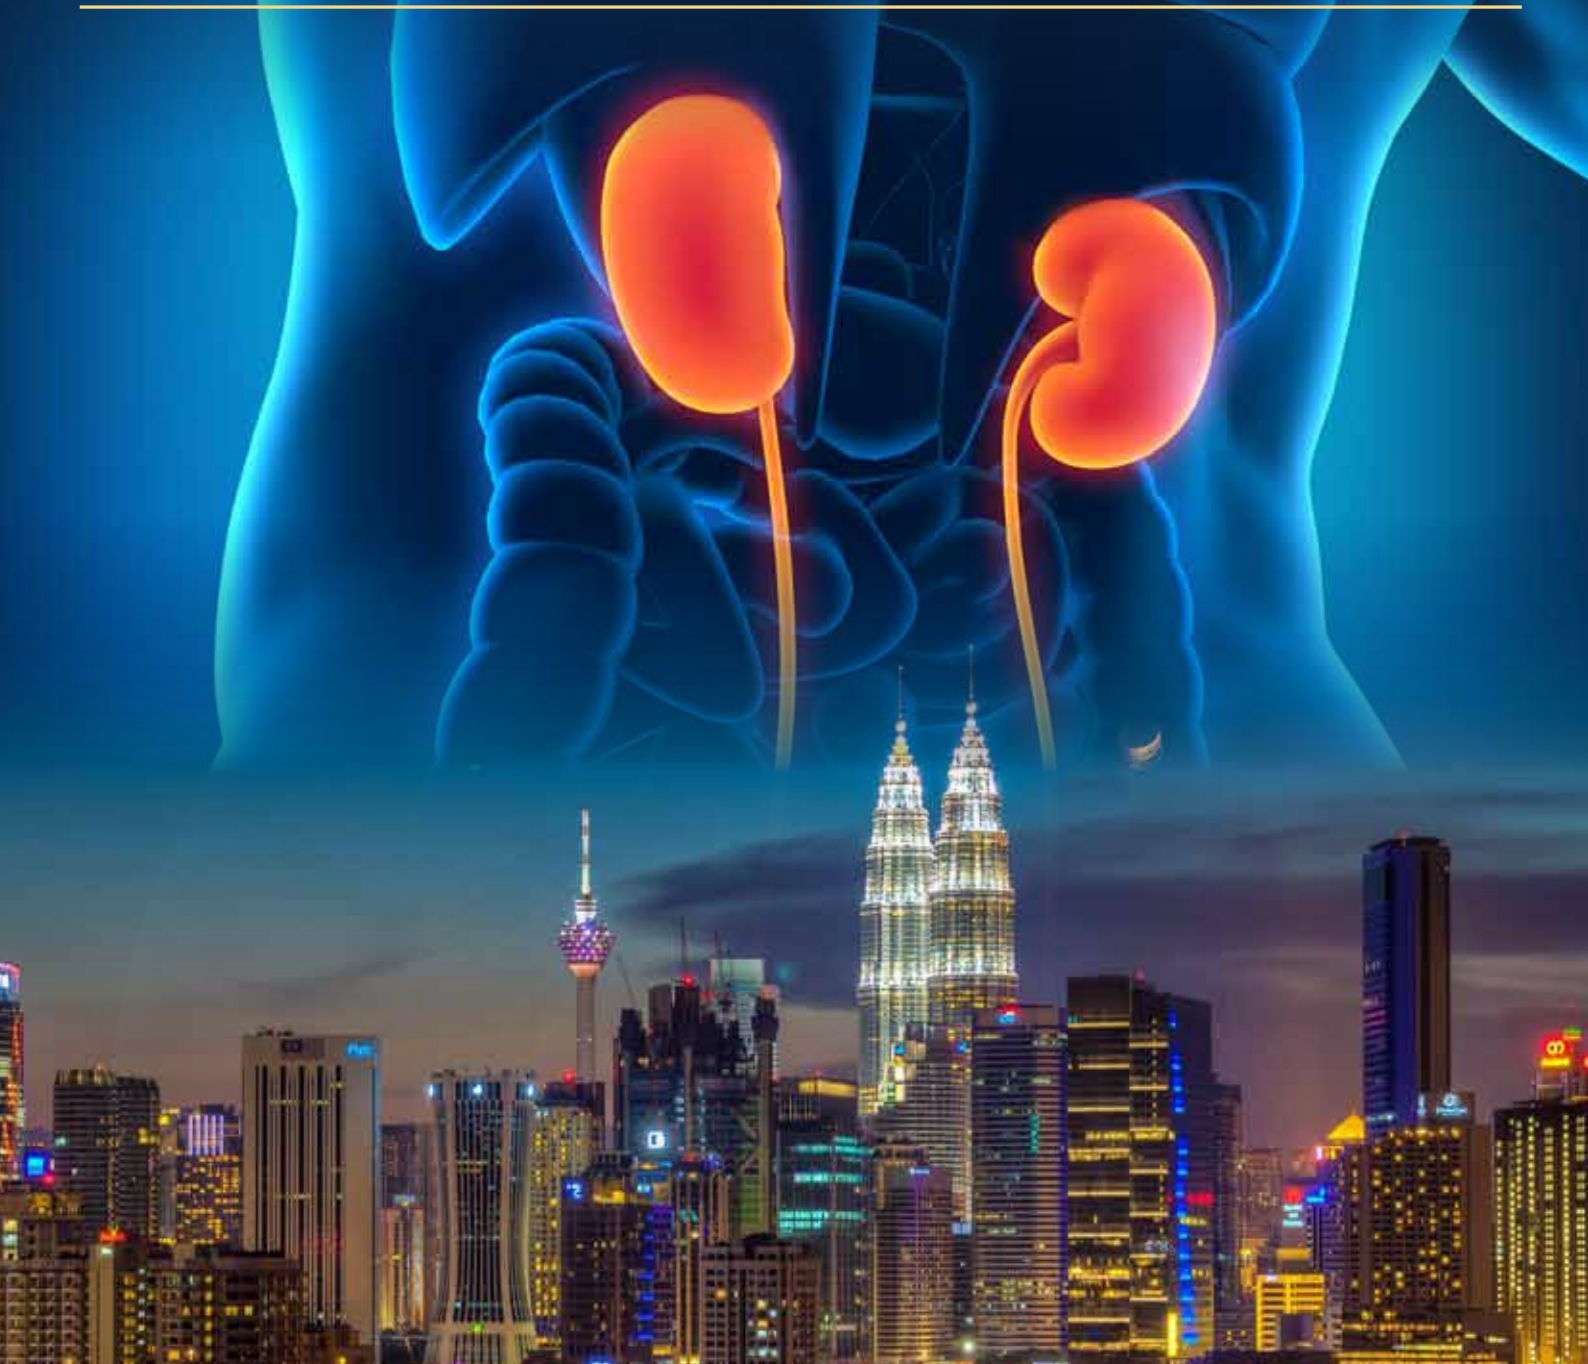

1st Asia Pacific AKI CRRT 2017

Jointly Organised by

CRRT, INC.

20 - 23 AUGUST, 2017
KUALA LUMPUR CONVENTION CENTRE, MALAYSIA

IN CONJUNCTION WITH
33RD ANNUAL CONGRESS OF MSN

www.apcrrt2017.com.my

20 - 23 AUGUST, 2017
KUALA LUMPUR CONVENTION CENTRE, MALAYSIA

WELCOME MESSAGE FROM CRRT, INC. PRESIDENT

Dear Colleague,

We would like to invite you to join us for the upcoming 1st APAC conference on AKI and CRRT presented by the Malaysian Society of Nephrology in collaboration with the CRRT Inc that hosts the annual International Conference on Advances in Critical Care Nephrology - AKI & CRRT which is in its 22nd year in 2017. The APAC conference brings the highlights of the San Diego Conference to provide a comprehensive coverage of the rapidly developing field of Critical Care Nephrology, AKI and CRRT. It highlights the recent advances in our understanding of pathophysiology of critical illness, acute kidney injury, emerging strategies in the management of sepsis, multi-organ failure, development and use of biomarkers, technical advances in CRRT and the appropriate utilization of these techniques. A mix of invited lectures, controversies, interactive workshops, tutorials, poster sessions and panel discussions and meet the expert sessions are planned to continue the tradition of multidisciplinary interactions throughout the conference. The conference is enhanced with two Pre-Conference workshops focused on current topics in AKI management targeted at physicians and CRRT training workshops for both physicians and nurses offering case based hands on training to optimize the delivery of CRRT.

We believe the conference provides a unique environment to foster learning and mutually beneficial communications and collaborations. An international faculty coupled with local experts has been engaged to share their knowledge and bring a wealth of experience to define best practices for managing patients with AKI and CRRT. We hope that you will join us to share your knowledge and experience.

We look forward to welcoming you to Kuala Lumpur.

Prof Dr Ravindra Mehta

Advisor

1st APAC AKI CRRT 2017

President

CRRT, INC

WELCOME MESSAGE FROM MSN PRESIDENT

When Malaysian Society of Nephrology (MSN) was approached in early 2016 to organise the very first Asia Pacific Acute Kidney Injury & Continuous Renal Replacement Therapy 2017 (1st APAC AKI CRRT 2017) together with Professor Ravi Mehta of CRRT San Diego, USA, there was much debate and deliberation among the council members as well as senior members of the society with regards to the pros and cons of this massive undertaking. The biggest challenge to organize this event in year 2017 was the short notice and lack of time for preparation. Despite the obvious uphill task (short preparation time, and just completed organizing International Society of Haemodialysis 2015 Congress) we have decided to accept this challenge whole-heartedly due to the following reasons:

1. AKI is identified as a human rights issue (the right to proper management and appropriate therapy) and International Society of Nephrology (ISN) has officially launched its zero preventable deaths by year 2025 due to AKI (Oby25) initiative in conjunction with the Commission Report on AKI with Lancet in March 2015.
2. One of the main challenges in addressing this entity in Malaysia and Asia Pacific regions (APAC) is the lack of reliable and comprehensive national data. Hence, MSN deems it appropriate to take this opportunity to establish a national registry on AKI.
3. We are strong in managing patients with end stage renal failure (ESRF) with haemodialysis, peritoneal dialysis and renal transplant, and we are also doing reasonably well in highlighting the importance of chronic kidney disease (CKD I-V) and addressing it as an important entity under non communicable disease (NCD). However, AKI which can be a strong precursor to CKD, ESRF or even mortality is not addressed adequately at the moment.
4. The AKI mortality can be very variable in the literature, ranging from 20-90% and this wide variation is a reflection of the gap in recognizing this disease, access to proper management and appropriate treatment. AKI at the moment is managed by generalists, physicians, intensivists and nephrologists. It is like a no man's land and that resulted in inconsistencies and probably the wide variation in outcomes.
5. Millions of people may die every year due to AKI. Many more will suffer from its complications and extended hospitalization. The wide variation in morbidity and mortality for this complex syndrome is in part contributed by a gap in knowledge regarding its pathophysiology and effective treatment. Hence, it is the strong belief by MSN that by organizing this mirror congress of CRRT San Diego, we can bring in worldwide experts from CRRT San Diego with vast experience in renal replacement therapy in critically ill patients. The multidisciplinary experience of this group will also provide a unique message of collaboration among various disciplines. This course is intended not only for the nephrologists including both the beginners and the experts but is also suitable for the intensivists, generalists, renal paramedics, nurses, dieticians, pharmacists and also the industrialists. It is MSN's sincere wish that through the presentation from leading experts in their respective fields, sharing of latest data from current literature, sharing of daily clinical practice from experts in the field and matching personal experiences with the most advanced technological innovations will hopefully be shared with all delegates during this congress. As a result, we can narrow the gap in the understanding of this disease entity, provide the best management plan and institute the most appropriate therapy. By doing this, we can also achieve Oby25 as in line with ISN initiative.

20 - 23 AUGUST, 2017
KUALA LUMPUR CONVENTION CENTRE, MALAYSIA

WELCOME MESSAGE FROM MSN PRESIDENT

The 1st Asia Pacific AKI CRRT 2017 congress in conjunction with 33rd Annual Congress of the Malaysian Society of Nephrology (MSN) is scheduled to be held from 20 to 23 August 2017, Kuala Lumpur Convention Centre, Malaysia.

The congress is organised in collaboration with the San Diego AKI CRRT International conference that is in its 22nd year. The congress is focused on various aspects of critical care nephrology with a significant emphasis on acute kidney injury (AKI) and extracorporeal support techniques. The meeting consists of plenary sessions (approximately 20-30 minute talks with panel discussion) and workshops (generally 1.5 of interactive hours involving 20 - 60 participants) coupled with poster and oral presentations from delegates across the world. By attending this congress, we hope to improve the knowledge and outcome of AKI. We believe the 1st Asia Pacific AKI CRRT 2017 will provide a unique forum to disseminate this information to physicians (generalist, intensivist, nephrologist alike), nurses and allied personnel from across the world. We anticipate up to 800 attendees for this congress.

On behalf of the MSN Council and the 1st APAC AKI CRRT Organising Committee, I wish to express a big thank you to all members, friends and colleagues (both professionals and industries) who had contributed in one way or another in making this event a success.

Prof Dr Goh Bak Leong

Chair

1st APAC AKI CRRT 2017 &

President

Malaysian Society of Nephrology

2016-2018

ORGANISING COMMITTEE

ADVISOR

Prof Dr Ravindra Mehta (International)
Datuk Dr Ghazali Ahmad (Local)

CHAIR

Prof Dr Goh Bak Leong

CO-CHAIR

Prof Dr Abdul Halim Abdul Gafor

SECRETARY

Associate Prof Dr Lim Soo Kun

TREASURER

Dr Rosnawati Yahya

SCIENTIFIC PROGRAMME ADVISOR

Dr Ravindran Visvanathan

CHAIR

Dr Hooi Lai Seong

CO-CHAIR

Dr Ng Eng Khim

MEMBERS

20 - 23 AUGUST, 2017
KUALA LUMPUR CONVENTION CENTRE, MALAYSIA

1ST ASIA PACIFIC AKI & CRRT 2017 PRE CONGRESS SUNDAY (20TH AUGUST 2017)

TIME	PROGRAMME	
0700-0800	Registration (also open for registration on 19th August PM)	
0800-1230	Physicians Track	Nurses Track
0800-0830	CRRT: Back to Basics	CRRT Principles
0830-0900	Vascular Access for CRRT, Membrane and Circuit	System Components and Set Up
0900-0930	Anticoagulation for CRRT	Access, Membrane, Circuit
0930-1000	Dialysis Dose in AKI	Modality & Dose
1000-1030	Coffee Break	
1030-1230	Simultaneous Hands on Sessions x 4 on CRRT 30 mins Each	
1030-1100	Session 1 Circuit, Anticoagulation and Monitoring	Solutions & Fluid Management
1100-1130	Session 2 Dose / Fluid / Documentation	Orders, Labs, Charting and Monitoring
1130-1200	Session 3 Prescription / Order Sets / Decision Making / Coordination of Care	Integrating Multidisciplinary Support Team for CRRT Delivery
1200-1230	Session 4 Monitoring, Alarms and Connections with Other Therapies	Developing Quality Measures for CRRT Delivery
1230-1400	Industry Lunch Symposium	
1400-1600	Physicians Track (Cardio Renal Symposium)	Nurses Track
		Simultaneous Hands on Sessions x 4 on CRRT 30 mins Each
1400-1420	Cardio-Renal Syndrome	Hands on training 14.30 – 16.30
1420-1440	Post Cardiac Surgery AKI: Patterns and Outcomes	Session1: Machine Priming, Circuit Set Up, Programing to Match Orders
1440-1500	Biomarkers for Cardiorenal Syndrome	
1500-1520	Preventing AKI Post Cardiac Surgery	Session 2: Implementing Therapy Delivery Dose Adjustments, Fluid Balance
1520-1540	Modality Selection for RRT in AKI	
1540-1600	Outcomes Post AKI: Survival and Renal Recovery	Session 3: Therapy Monitoring and Troubleshooting Alarms, Therapy Discontinuation
		Session 4: Connectology with Hybrid Systems e.g. ECMO ECCOR, Apheresis
1600-1700	Congress Registration	
1630-1830	Poster Walk About & Presentation	Industry Booth Presentation
1830-1900	Opening Ceremony & Welcoming Speech	
1900-1930	Plenary 1 The Changing Face of AKI	
1930-2030	Cocktail Reception	

1ST ASIA PACIFIC AKI & CRRT 2017

DAY 1

MONDAY (21ST AUGUST 2017)

TIME	PROGRAMME			
0730-0830	Congress Registration			
0830-0900	Plenary 2 New Advances in the Treatment of Severe Sepsis and Septic Shock			
	AKI CRRT Symposium 1 Pathophysiology of AKI			
0900-0920	Immunoregulatory Role of Tissue Microenvironment in Kidney Injury			
0920-0940	Renal Venous Congestion: The Unrecognized Culprit?			
0940-1000	Preeclampsia: Pathophysiology and Novel Therapeutic Options			
1000-1020	Does Urine Output Monitoring Improve Outcome?			
1020-1030	Q&A			
1030-1100	Coffee Break			
	AKI CRRT Symposium 2 Organ Dysfunction and AKI in Critically ill Patients			
1100-1120	AKI and Organ Dysfunction			
1120-1140	What's New in ARDS?			
1140-1200	Renal Dysfunction in Cirrhosis			
1200-1230	Viewpoints: Timing of RRT in AKI We Know When to Start We Are Still Trying to Find Out We Are a Long Way Off			
1230-1400	Industry Lunch Symposium			
	AKI CRRT Concurrent Workshops Session 1			
1400-1530	Workshop A CRRT Technique 1	Workshop B Critical Care Nephrology 1	Workshop C Hemodynamic and Fluid Management 1	Workshop D Dialysis Technique and Plasma Exchange
	Strategies for Optimizing the CRRT Circuit (Access, Anticoagulation and Monitoring) Citrate Anticoagulation Case Based Discussions on Best Practices to Maintain Circuits for CRRT Focusing on the Access, Anticoagulation and Monitoring.	Managing Patients with Sepsis: Pathophysiology, Diagnosis, Assessment, Resuscitation, Drug Management, Techniques for Disease Modification, Organ Support and Renal Protection Pathophysiology of Sepsis, Rationale and Strategies for Fluid and Vasopressor Use for Supportive Therapy. Technical Considerations and Practical Application of Extracorporeal Support Techniques for Sepsis.	Assessment of Fluid Responsiveness, Hemodynamic Monitoring and Targets Principles and Strategies for Volume Assessment, Hemodynamic and Microcirculatory Monitoring in Critically ill Patients.	Principles of Plasma Exchange, Applications and Practical Issues Rationale and Technique of Plasma Exchange and its Applications, Case Based Discussions.
1530-1600	Coffee Break			
	AKI CRRT Concurrent Workshops Session 2			
1600-1730	Workshop A CRRT Technique 2	Workshop B Critical Care Nephrology 2	Workshop C Hemodynamic and Fluid Management 2	Workshop D Peritoneal Dialysis for AKI
	CRRT for the Experienced User 1 Interactive Case Based Discussions on Dose Adjustments, Monitoring for Adequacy, Modality Selection and Transitions in CRRT.	Managing Heart Failure and Cardio-renal Syndrome Technical Considerations, Practical Application and Results of Different Methods to Treat Heart Failure and Cardio-renal Syndrome Including Ultrafiltration Techniques.	Fluids and Solutions in AKI Management: Crystalloids and Colloids: When and How to Use Techniques, Applications, Monitoring and Practical Issues for Implementation.	Using Peritoneal Dialysis in Managing AKI Patients Technical Considerations, Practical Application and Patient Selection.
1730-1900	Poster Walk About & Presentation		Industry Booth Presentation	MSN AGM (Only for MSN Members)
1930-2200	MSN President Night & Faculty Dinner (By Invitation Only)			

20 - 23 AUGUST, 2017
KUALA LUMPUR CONVENTION CENTRE, MALAYSIA

1ST ASIA PACIFIC AKI & CRRT 2017

DAY 2

TUESDAY (22ND AUGUST 2017)

TIME	PROGRAMME			
0730-0830	Congress Registration			
0830-0900	Plenary 3 Precision CRRT: Recommendations from ADQI 17			
	AKI CRRT Symposium 3 Challenges in ICU Management			
0900-0920	Remote Effects of AKI			
0920-0940	Nutrient Deficiency in AKI and Losses During CRRT			
0940-1000	The Impact of Adsorption on Cytokine Removal and Immune Response			
1000-1020	Role of Peritoneal Dialysis for AKI in ICU			
1020-1030	Q&A			
1030-1100	Coffee Break			
	AKI CRRT Symposium 4 Novel Strategies in AKI Management			
1100-1120	Protecting the Kidney and Targeting Recovery			
1120-1140	Biomechanical Approaches to Control Inflammation in AKI			
1140-1200	Acute Interstitial Nephritis: An Update			
1200-1220	Diuretics and AKI			
1220-1230	Q&A			
1230-1400	Industry Lunch Symposium			
	AKI CRRT Concurrent Workshops Session 3			
1400-1530	Workshop A CRRT Technique 3	Workshop B Critical Care Nephrology 3	Workshop C Hemodynamic and Fluid Management 3	Workshop D Biomarkers in AKI
	CRRT for the Experienced User 2: Solutions, Fluid Removal, Fluid Balance, Monitoring Interactive Case Based Discussion on Strategies for Fluid Management in CRRT to Achieve Patient Driven Outcomes for Fluid, Electrolyte and Acid Base Balance.	Managing patients with AKI and Liver Failure Pathophysiology of AKI in Setting of Acute and Chronic Hepatic Failure and Management Strategies for Differential Diagnosis and Therapy.	Recognition and Management of Drug Intoxications Identification of Different Street Drugs and Other Toxic Substances Contributing to AKI and Principles and Application of Extracorporeal Support Techniques for Management.	Using Kidney Biomarkers for AKI : Risk Assessment, Diagnosis and Staging Practical Issues for Use of Kidney Biomarkers for Assessing Risk and for Early Recognition and Interventions in AKI.
1530-1600	Coffee Break			
	AKI CRRT Symposium 5 Burden of AKI			
1600-1620	Population Based Study of AKI Epidemiology			
1620-1640	AKI in the ICU: The Intensive Care Over Nations (ICON) Audit			
1640-1700	ISN Oby25 Initiative			
1700-1720	Education and Training to Raise Awareness of AKI in the Community			
1720-1730	Q&A			
1730-1900	Poster Walk About & Presentation		Industry Booth Presentation	
1930-2200	Gala Dinner			

1ST ASIA PACIFIC AKI & CRRT 2017

DAY 3

WEDNESDAY (23RD AUGUST 2017)

TIME	PROGRAMME
0730-0830	Congress Registration
0830-0900	Plenary 4 Measuring Outcomes in AKI and CRRT: Which Benchmarks Should We Use?
	AKI CRRT Symposium 6 AKI in Developing Countries
0900-0920	Etiological Factors for Acute Kidney Injury in the Tropics
0920-0940	Pattern and Outcome of AKI in Developing Countries
0940-1000	ADQI 18 – Management of AKI in Developing Countries
1000-1020	Community Acquired AKI in Resource Constrained Settings: Risk Assessment and Management
1020-1030	Q&A
1030-1100	Coffee Break
	AKI CRRT Symposium 7 New Trials in AKI
1100-1120	Angiotensin II in Shock
1120-1140	STAART AKI Trial Update
1140-1200	Alkaline Phosphatase for Septic AKI
1200-1220	Critical Care Nephrology: Literature Review Trials in 2016
1220-1230	Q&A
1230-1300	Closing Ceremony
1300-1400	Lunch and Bon Voyage

20 - 23 AUGUST, 2017
KUALA LUMPUR CONVENTION CENTRE, MALAYSIA

33RD ANNUAL CONGRESS OF MALAYSIAN SOCIETY OF NEPHROLOGY 2017

TIME	PRE CONGRESS: SUNDAY (20 AUGUST 2017)	DAY 1: MONDAY (21 AUGUST 2017)	DAY 2: TUESDAY (22 AUGUST 2017)	DAY 3: WEDNESDAY (23 AUGUST 2017)
0700-0800	Registration (also open for registration on 19th August PM)	Congress Registration		
	MSN Symposium 1 NRR Highlights and Future Directions			
0800-0830	NRR Chapter Highlights			
0830-0900	What to Do With Registry Data ?	Plenary 2 New Advances in the Treatment of Severe Sepsis and Septic Shock	Plenary 3 Precision CRRT: Recommendations from ADQI 17	Plenary 4 Measuring Outcomes in AKI and CRRT: Which Benchmarks Should We Use?
0900-0930	Using Registry Data for Publications	AKI CRRT Symposium 1 Pathophysiology of AKI	AKI CRRT Symposium 3 Challenges in ICU Management	AKI CRRT Symposium 6 AKI in Developing Countries
		Immunoregulatory Role of Tissue Microenvironment in Kidney Injury	Remote Effects of AKI	Etiological Factors for Acute Kidney Injury in the Tropics
		Renal Venous Congestion: The Unrecognized Culprit?	Nutrient Deficiency in AKI and Losses During CRRT	Pattern and Outcome of AKI in Developing Countries
		Preeclampsia: Pathophysiology and Novel Therapeutic Options	The Impact of Adsorption on Cytokine Removal and Immune Response	ADQI 18 – Management of AKI in Developing Countries
0930-1000	Panel Discussion	Does Urine Output Monitoring Improve Outcome?	Role of Peritoneal Dialysis for AKI in ICU	Community Acquired AKI in Resource Constrained Settings: Risk Assessment and Management
1000-1030	Coffee Break	Q&A	Q&A	Q&A
	MSN Symposium 2 Viewpoints	Coffee Break		
1030-1100	Viewpoints: Open and Close System for ICU It is Better to have Open System ICU: Nephrologist It is Better to have Close System ICU: Intensivist Discussion	AKI CRRT Symposium 2 Organ Dysfunction and AKI in Critically ill Patients	AKI CRRT Symposium 4 Novel Strategies in AKI Management	AKI CRRT Symposium 7 New trials in AKI
1100-1130				
1130-1200	Viewpoints: Supplements in CKD Patients should Stop All Supplements Patients are Allow to Take Supplements Discussion			
1200-1230				
		AKI and Organ Dysfunction	Protecting the Kidney and Targeting Recovery	Angiotensin II in Shock
		What's New in ARDS?	Biomechanical Approaches to Control Inflammation in AKI	STAART AKI Trial Update
		Renal Dysfunction in Cirrhosis	Acute Interstitial Nephritis: An Update	Alkaline Phosphatase for Septic AKI
	Viewpoints: Timing of RRT in AKI <i>We Know When to Start We Are Still Trying to Find Out We Are a Long Way Off</i>	Diuretics and AKI	Critical Care Nephrology: Literature Review Trials in 2016	
		Q&A	Q&A	
1230-1300	Industry Lunch Symposium	Industry Lunch Symposium		Closing Ceremony
1300-1330				Lunch and Bon Voyage
1330-1400				

33RD ANNUAL CONGRESS OF MALAYSIAN SOCIETY OF NEPHROLOGY 2017

TIME	PRE CONGRESS: SUNDAY (20 AUGUST 2017)		DAY 1: MONDAY (21 AUGUST 2017)			DAY 2: TUESDAY (22 AUGUST 2017)		DAY 3: WEDNESDAY (23 AUGUST 2017)	
	MSN Symposium 3 Updates		MSN Symposium 4 AKI in Special Situations			MSN Symposium 6 Dialysis Access			
1400-1430	What's New in Renal Anaemia		Peri-Operative Care for Cardiac Patients			CRBSIs : Prevention and Management			
1430-1500	What's New in CKD- MBD		AKI in Pregnancy : Differential Diagnosis and Management			Prolonging Haemodialysis Vascular Access Longevity			
1500-1530	Malaysian CPG for Renal Parathyroidectomy		Acute Liver Failure with Lactate Acidosis : What are Our Roles?			Caring of Tenckhoff Catheter			
1530-1600	Malnutrition in Dialysis Patients : How to Manage?		Coffee Break						
	Congress Registration		MSN Symposium 5 Dialysis Technique			AKI CRRT Symposium 5 Burden of AKI			
1600-1630			HD vs HDF : Advantages and Disadvantages			Population Based Study of AKI Epidemiology			
1630-1700	Poster Walk About & Presentation	Industry Booth Presentation	CAPD vs APD : Which One is Better?			AKI in the ICU: The Intensive Care Over Nations (ICOn) Audit			
						ISN Oby25 Initiative			
1700-1730			Hybrid Dialysis Therapy : How and Whom To Prescribe To?			Education and Training to Raise Awareness of AKI in the Community			
						Q&A			
1730-1800									
1800-1830									
1830-1900	Opening Ceremony & Welcoming Speech		Poster Walk About & Presentation	Industry Booth Presentation	MSN AGM <i>(Only for MSN Members)</i>	Poster Walk About & Presentation	Industry Booth Presentation		
1900-1930	Plenary 1 The Changing Face of AKI		MSN President Night & Faculty Dinner <i>(By Invitation Only)</i>						
1930-2000	Cocktail Reception					Gala Dinner

2030-2200									

20 - 23 AUGUST, 2017
KUALA LUMPUR CONVENTION CENTRE, MALAYSIA

CALL FOR ABSTRACTS

IMPORTANT NOTES:

- All abstracts must be submitted online via the Congress Website. Please read the instructions carefully, as abstracts submitted not according to these instructions will not be accepted.
- Abstracts sent by post, fax or email will not be accepted.
- Abstracts must be submitted not later than **15th May 2017**.
- Accepted abstracts will be presented in either thematic Poster Sessions or Oral Abstract Sessions presented on **20th - 23rd August 2017**.
- Authors of abstracts accepted for presentation **MUST** be registered delegates and be responsible for all expenses incurred in the production of their presentations, travel and accommodation during the Congress.
- Abstracts will be rejected if they contain no data or if the English is unacceptable. All Presenting Authors will receive detailed presentation guidelines when their abstract has been accepted and closer to the Congress date.
- Acknowledgement of the receipt of abstract submission will be sent to the Presenting Author's email address immediately upon submission. Abstract accepted/rejection letter will be sent to you latest by **16th June 2017** once the decision is made. The Presenting Author will receive all correspondence regarding the abstract status, presentation type, date and time, via the email that is provided in the abstract submission.
- All accepted abstracts will be published and distributed electronically in the AKI & CRRT Congress 2017. Abstracts and digital posters (if submitted) will also be published online: **TBA**

ABSTRACT GUIDELINE:

- Only abstracts written in English will be accepted.
- Abstracts are limited to 2500 characters.
- Body of abstract: introduction, objective, methodology, results and conclusion.
- Authors are limited to 10.
- References and credits **MUST NOT** be included in the abstract.
- Maximum 1 table OR 1 figure may be included, but avoid the use of special characters.
- Formulas should be avoided.
- Use standard abbreviations in parentheses after the full word the first time it appears.
- Figure/Images uploads are restricted to jpg or gif files only.
- Any corrections of abstract after abstract submission deadline will not be entertained.
- Abstracts will be published as submitted. Proof and edit your submission accordingly.

ABSTRACT SUBMISSION DEADLINE:
15TH MAY 2017
