

The Institute of Clinical Simulation
The Hong Kong College of Anaesthesiologists

Safe Sedation Course 2011

A safe sedation course was developed for HA staff in collaboration between the Hong Kong College of Anaesthesiologists and COC (ANA) in 2010.

Following good response and feedback, the course has been further strengthened in 2011. This structured-course highlights the minimum requirement required for the conduct of sedation, and to provide the essential information, knowledge and skills to ensure a safe environment and experience for patients requiring procedural sedation. Come and join the small group learning experience and enjoy the hands-on simulation stations.

Date:	23 July 2011, 13 August 2011, 17 September 2011, 22 October 2011, 17 December 2011 (Identical courses)
