

**NEW VENUE, NEW 3 DAY FORMAT
PRICE REDUCTION FOR EXTENDED MEETING**

THE STATE OF THE ART MEETING 2011

THE ICC, EAST EXCEL, LONDON

12, 13 and 14 December 2011

REGISTER NOW for the largest ICM meeting ever held in the UK specially designed for all those professionals that care for the critically ill.

Hear over 50 international medical experts, trainee, nursing and AHP opinion leaders deliver a diverse scientific programme over 3 days. The new meeting format will be dedicated to cutting edge topics in ICM with research updates from The Intensive Care Foundation, interactive debates, clinical practice and research forums. This year there will also be a series of talks to celebrate over 40 years of The Intensive Care Society. This meeting offers a choice of four parallel sessions with a programme designed to be of broad appeal to all those that work in the intensive care unit.

Submission of free paper abstracts will be accepted for presentation in the research and clinical practice sessions and The International Sepsis Forum will present an award for the best abstract relating to sepsis. Applications for the Research Gold Medal are also invited for presentation at the meeting. The deadline for all submissions is 5pm on 30th August 2011.

Programme highlights include:

- Sessions on ALI, Bariatrics, Current Practice, ECMO, Ethics, Genomics, Monitoring, Neurosciences, Radiology, Rehabilitation, Sepsis, Specialty ICU and Ventilation
- Clinical trial updates from CALORIES, Caudwell Xtreme Everest, Faron, EpaNIC and SuDDICU
- ESICM, UK and Ireland ALI Group, The British Thoracic Society Care Group and The International Sepsis Forum joint sessions
- The year in review
- The Gillian Hanson and The Hewitt Eponymous Lecture
- Media training for medical and healthcare professionals
- Trainee, nurse and AHP dedicated sessions including The Cauldron with a chance to win an iPad 2
- Industry Symposia from Astellas Pharma, ConvaTec, Draeger Medical, Orion Pharma and Faron Pharma
- A large trade exhibition showcasing all the latest developments in the field

Keep an eye on our website. More topics will be added as they are confirmed.
